Explore the Maritime Industry with Advanced Solutions

Arka Marine is your go-to ship management partner. We prioritize safety, reliability, and customer satisfaction, ensuring your vessel's success on every voyage.

Our Team

At ARKA GLOBAL MARINE SERVICES, we take pride in introducing you to the backbone of our shore-based ship management operations - our dedicated and expert team. Our Mission is to provide comprehensive and top-tier ship management services, and our team is at the forefront of delivering excellence.

Our shore-based ship management team embodies our commitment to delivering the highest standards of service, safety, and sustainability. We are dedicated to supporting your vessel's operational success from ashore, ensuring they sail smoothly, efficiently, and in compliance with industry standards.

At Arka Global Marine Services, we provide comprehensive ship management solutions to optimize vessel operations, ensure compliance, and enhance efficiency. Our team of experts is committed to delivering top-tier services that meet the unique needs of your fleet.

Our Mission, Vision and Values

We uphold the highest ethical standards in everything we do. Honesty, transparency, and accountability are the cornerstones of our operations.

We are unwavering in our commitment to protecting the environment. Every decision we make considers its impact on the planet, with a focus on minimizing harm and maximizing sustainability

Our Mission

"At ARKA Global Marine Services, our mission is to provide comprehensive, cost-effective, and environmentally responsible ship management, commercial operations, and brokerage solutions. We ensure that each managed vessel meets and exceeds international maritime regulations, including IMO, MARPOL, RightShip, and industry vetting standards. Through proactive management, innovative solutions, and a strong commitment to quality, we safeguard asset value, optimize performance, and deliver unmatched service to shipowners and charterers worldwide.."

Our Vision

"To be a leading ship management and maritime services provider, recognized for excellence, integrity, and sustainability. We take pride and ownership of every vessel, handling them with utmost dedication and care as if they were our own, ensuring they operate at peak efficiency, safety, and full regulatory compliance."

OUR TEAM

Mr. Ramamurty Ayyagari

Director

A Marine Chief Engineer with over 12 years at sea and extensive expertise in ship management, new shipbuilding, and maritime operations, he has led fleet management as CEO/Senior GM of a major ship management company in Dubai, overseeing technical, safety, and crew operations while driving global expansion in Singapore and Bangkok. With decades of experience, he has managed 42 new shipbuilding projects, including VLCCs, Aframax, MR tankers, Capesize, Kamsarmax, Panamax, and Supramax bulkers, along with ship conversion projects, drydocking, and transloader operations, contributing to the growth and diversification of global fleets.

Mr. Ramu Panuganti

General Manager Technical

A Marine Engineer with an MEO Class 1 certification and a degree from MASSA INTERFACE MARITIME ACADEMY. He gained experience across various vessel types with Trans-Coastal Shipping before advancing to Second Engineer. Transitioning ashore in 2013, he managed Diving (DP) vessels and Single Point Mooring operations at Ocean Sparkle. Since 2015, he has been a Technical Superintendent at ARKA Global Marine Services LLC, specializing in ship management and operations.

OUR TEAM

Mr. Kunj Behari Lal Goel

Technical Director

A Marine Engineer and First Class M.O.T. Chief Engineer with over 35 years of experience. He began his sea career in 1985 as a junior engineer, rising to Chief Engineer on product tankers, VLCCs, container, and bulk carriers. Transitioning ashore as a Technical Superintendent in the Gulf, he advanced to a Senior Technical Superintendent role. His expertise includes SIRE pre-vetting, internal and security audits, risk management, root cause analysis, and incident investigation. In January 2021, he joined ARKA Global Marine Services LLC in Dubai.

Mr. Venkata R Murthy

Group Technical Manager

A Technical Manager with 24 years in the marine industry, holding a B.E. in Mechanical Engineering and MEO Class-1 (MOT) Chief Engineer certification. Started in 2001 as a Junior Engineer, rising to Chief Engineer at Dockendale Ship Management/MUR Shipping Dubai. Later served as Deputy General Manager (2010-2024), leading technical operations, fleet compliance, and retrofit projects. Joined ARKA Global Marine (Oct 2024) as Fleet Manager, overseeing 10 ships (6 bulk carriers, 4 tankers), specializing in ship operations, regulatory compliance, and sustainability.

Capt. Gawain Gonsalves

Operations Manager

A maritime professional with expertise in ship management, marine operations, and brokerage. Starting his seafaring career in 1999, he served as a Master Mariner, commanding Capsize, Panamax, and Ultramax bulk carriers. Transitioning ashore, he has managed vessel operations, technical oversight, and chartering, ensuring regulatory compliance and cost efficiency. Since joining ARKA Global Marine Services in November 2019, he has led operational decision-making, risk management, and commercial strategy while upholding industry standards like RightShip, RISQ, and IMO regulations.
